

Fully Automatic Storage

# WATER HEATER

**S.S. Tank Geyser**

**Glassline Tank Geyser**

## Applications

- Domestic uses
- Hotels
- Kitchen
- Washrooms

### Capacity (in liters)

1 3 6 10 15 25  
35 50 100 300

## Features

- Equipped with "Daspass" make heavy duty & long life heating element /thermostat and thermal cut outs
- Fire retardant wire
- Hydraulically tested tank at 6.5 bar
- Shock proof/rust proof premium Virgin grade ABS body
- Heating Indicator lamp
- Pressure release valve
- Single joint ss tank with overlap TIG welding technology / Glass lined Tank
- Fusible plug for extra safety
- Special high density insulation for energy efficiency .
- Magnesium anode rod for hard water solution (Optional )
- Multi functional safety valve (Optional )
- For Hard/boring water GLASS COATED heating element and tank is also available

## TECHNICAL SPECIFICATIONS

Capacity	Voltage	Wattage	Current	H.V. test	I.R. test	Frequency	Phase
1/3/6 ltr	230	3kw	13.04	1.5 kv	100 mega ohm	50 hz	Single
10/15/25/35/50	230	2kw	8.96	1.5 kv	100 mega ohm	50 hz	Single
100 to 300	230/415	5kw	21.73/12.04	1.5 kv	100 mega ohm	50Hz	single/Three
